Dark Copper

# GT CLAYSTONE

*Experience our passion in creating memorable spaces*

GT CLAYSTONE are strong kiln-dried bricks that would last a lifetime. GT CLAYSTONE comes in different sizes and applications for both walls and floors. Clay bricks have been used to decorate homes and buildings for more than a hundred years in the Philippines. With clay bricks, the maintenance is very easy and requires little cleaning and the color does not fade even after long exposure from the sun.

## GT TURF WORKS

*Grass made even better*

Manufactured using imported yarns from Belgium, Holland and the United Kingdom, GT TURFWORKS provides a viable alternative in finishing requirements for both indoor and outdoor settings, and for both decorative and functional applications. Using UV protected polypropylene and polyethylene resins, our artificial grass come in different colors, pile heights and density to address decorative and functional needs.

*Scrapes off dirt*

Designed for heavy foot traffic, The SUPERSCRAPER is very soft, durable and washable, it uses 100% unused PVC pellets and its colorants are treated with ultraviolet (UV) stabilizers.

## TAMI® WOVEN FLOORS

*Innovative Floors*

Using advanced material yarn extrusion and computer-aided weaving technology, TAMI WOVEN FLOORS is the next generation of innovative floor solution available in the market.
