

EcoRock™
 ECO-FRIENDLY STONE WALL CLADDINGS

Why Use ECO-ROCK Stone Wall Veneers?

Using natural stones depletes the world's stone deposits and formations. Manufactured Stone Wall Veneers provide an excellent alternative to using natural stones.

ECO - ROCK stones replicates the color, shading, texture and characteristics of natural stones using recycled aggregates and uv stable colorants. Our products come in various design to suit your needs and are certified ECO - FRIENDLY.

Lets do our share to help protect the natural resources of our Planet.
